

# 875 Brushkiller

**Dependable control of more than 60 listed brush, trees, vines, and broadleaf weeds**

## WHAT IT IS

An amine formulation Trimec® herbicide complex, **Brushkiller 875** controls unwanted vegetation without risk to desirable cool-season grasses when used as directed as a foliar spray. Brushkiller 875 controls ash, birch, brambles, kudzu, multiflora rose, willow, and other species of brush and broadleaf weeds as listed.

Mixed with water, Brushkiller 875 is an effective and economical high-volume foliar application, or can be applied with backpack and hand-pressurized pump sprayers.

## WHAT IT DOES

### Brushkiller 875 controls:

- Ash
