

OrchardMaster® CA

BROADLEAF HERBICIDE

Superior broadleaf weed control for California's orchards

WHAT IT IS

Labeled exclusively for use in California, **OrchardMaster® CA Broadleaf Herbicide** controls tough annual and perennial broadleaf weeds in pome fruit, stone fruit, tree nut, and pistachio orchards. OrchardMaster CA delivers dependable control of Canada thistle, field bindweed, ragweed, dandelion, and many other weeds as listed.

A concentrated, mixed-amine formulation, OrchardMaster CA is designed to resist crystallization on the leaf surface for increased leaf penetration and absorption for thorough control.
